Applicant's response has been studied carefully. The Examiner acknowledges a new claim 16, but notes that not all of claims 1-16 remain pending (as is stated, in applicant's remarks), given the cancellation of claims 4-8, 13 and 15. As well, claims 9 and 11 are currently withdrawn (but do, in fact remain pending).

The Examiner acknowledges the receipt of priority documents in this application, here, as well as a claim for priority in the original declaration.

Claims 1, 2, 3, 10, 12, 14 and 16 are allowed.

In claim 16, line 4, applicant may wish to change "the one" to - - a one - - and permission is given here to make that change.

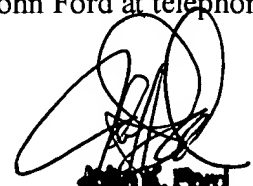

This application is in condition for allowance except for the following formal matters:

Claims 9 and 11 either need to be cancelled or re-written to be proper dependent claims. Because they have been unamended through prosecution they have numerous lack of antecedent basis problems of an obvious nature as well as redundant recitations of previously claimed elements. For example, in claim 9, "edge seal faces" and "end faces" lack antecedent basis. Claim 11 recites many previously claimed elements of claim 1 redundantly. Please address these housekeeping amendments or cancel these claims in response to this action.

Prosecution on the merits is closed in accordance with the practice under *Ex parte Quayle*, 1935 C.D. 11, 453 O.G. 213.

A shortened statutory period for reply to this action is set to expire **TWO MONTHS** from the mailing date of this letter.
